

You are warmly invited to a
Clergy Lunch
for all East York Strategy Churches!

East York Strategy is now one-year old! We have been active in this East York-Danforth community since our Kick-off Banquet at Whistler's Restaurant on May 8, 2006. At the banquet, over 120 people came together -- about 60 people from 21 local churches, and 60 people from the police, schools, businesses, politicians, parents, and youth. Since then, we have been meeting every month, and have made some progress as we together seek to "reduce crime and create good in our neighbourhood".

On May 8, 2007, we invite all clergy from our churches, together with any pastoral staff and 1-2 church leaders, to come for a free lunch. Come to connect with other clergy from the area; come to hear about the vision and possibilities available to us as a Christian community; come to ask questions, address concerns, and provide input to East York Strategy initiatives.

The details are:
